S. L. Simpson, of Thompson township, was in town for a short time Tuesday. We looked him over carefully but failed to find any scars of the late battle for a seat in the Legislature. **Jiggers, "Get yours!"**

**WHAT CATARRH IS**  
It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.
